

Following is feedback we received from the Parent Survey related to the possibility of Connect Charter School expanding from a grade 4-9 system to a K-12 system.

Parent Survey Results: (January 23, 2023)

Would you consider enrolling your student in a Connect Charter High School?

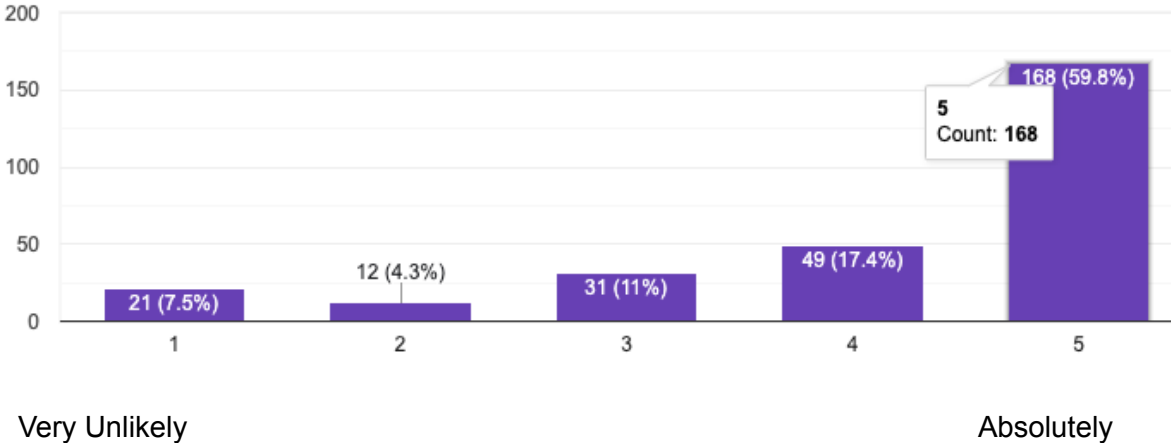

283 responses

Had a Connect Charter School K-3 program been available for your child, would you have enrolled your child in the program?

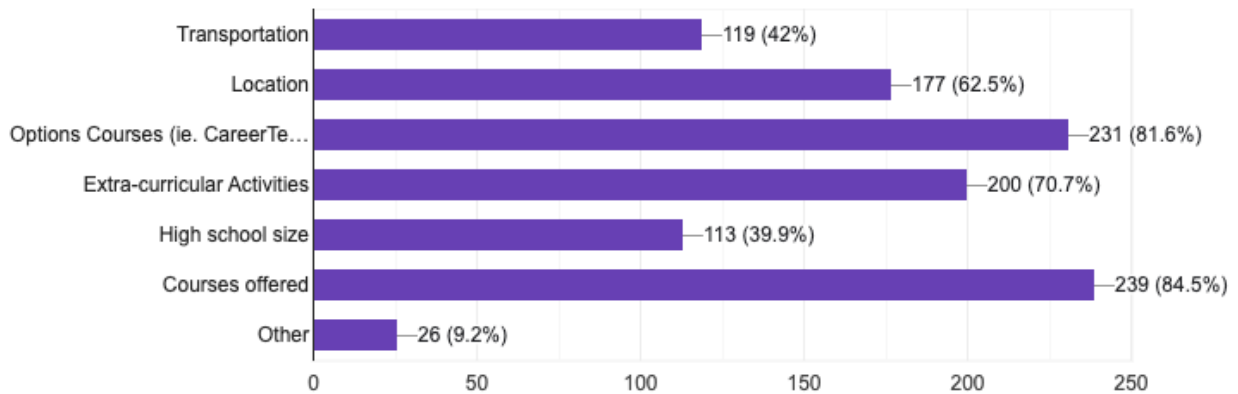

281 responses

**What is important for you and your child to consider about a high school program?
(Check all that apply).**

283 responses

This information has been shared with our Board of Directors, who met last weekend to discuss this topic. There is unanimous support from our Board to pursue the possibility of expanding to a K-12 system.

What does this mean?

The next step will be to submit our formal request to the Minister of Education for approval to amend our charter to include K-12 programming. This has NO impact on our existing charter goals. There is no timeline that will be provided for a decision on our request.

We have begun exploring possible locations and buildings. What facility options do we have?

This is all of the information I have to share on this topic at the moment. When more information becomes available, I will communicate with the Connect community.
